DETAILED ACTION

1. Claims 1-22 are pending in the present application.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on September 2, 2004 has been entered. Claims 1, 19, 20 and 21 have been amended.

Allowable Subject Matter

3. Claims 1-22 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Applicant's amendment filed September 2, 2004 overcomes the prior art rejection under 35 USC 103(a) citing Otsuka et al., Saraceno and Mamiya. The prior art of record fails to teach the limitations of independent claim 1 as follows: "wherein the extracted information includes at least two of the following three items: (i) property information, (ii) thumbnail information, and (iii) title information, in which the property information pertains to a number of attributes of said plurality of files, and the thumbnail information includes a plurality of representative images which represent the plurality of files, and the property information is correlated to the file and the thumbnail information or the title information". For similar reasons

to those cited above independent claims 19-21 are also allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
